Summary

Skilled in solving problems with HTML, CSS, Javascript, React, and NextJs (The React Framework for Production) as well as managing dynamic content with a CMS. Focused on being a valuable part of any team and believes in the concept of team rising together. Willing to assist on any task required to ensure team success.

Experience

React Developer

Corebank Nigeria

Sep 2022 - Present (1 year 1 month)

Led the rebuilding of the company's website, resulting in a significant increase in page load speed, responsiveness, and overall user experience.

Utilized a variety of web development technologies, including HTML, SASS for styling the web content, NextJS(The React Framework which the web is built on) and Git for the tracking changes in the code.

Used advanced optimization techniques, such as minifying resources and implementing a content delivery network (CDN), to improve page load speed.

Collaborated with the design team to ensure the website was visually appealing and easy to navigate, resulting in a significant increase in user engagement.

Implemented A/B testing and user feedback to make sure that the design is providing the most efficient experience.
